## Financial Advisor

I have been with attooh! since September 2013 as Group Independent Contractor. I have been in the industry since January 2007. I started my Financial Advisory career as Broker Assistant and was then promoted to Office Manager for Capricorn Financial Advisors which was the start of my career as Financial Advisor. Providing efficient customer orientated services to my clients is my main goal.

This service includes:

- Personal Risk planning for Death/Disability and Severe Illness.
- Retirement Planning
- Estate Planning including Will & Trust Services
- Investment & Savings
- Personal Short Term Insurance
- Corporate Employee benefits
- Medical Aid

I do not specialize in only one field because I believe that I will be able to address all my client's needs in my business practice. I have got NQF Level 5 with 67 credits, I am working towards my full qualifications which will be NQF level 5 with 120 credits.

I do not distinguish between race or gender therefore my current client basis is very diversified. It is important for me that my clients trust that I will give them advice which if sound, fair and correct as prescribed by the Financial Services Act.

I enjoy being at home with my family just relaxing after day's work and also socializing with friends. I am happily married and is the mother of 2 children.
