

ROSS MCLAREN

Financial Planner

I am a Registered Financial Planner (RFP) and a proud member attooh! Group of Companies specialising in:

- Risk Planning
- Pre & Post Retirement Planning
- Investment Planning
- Business Assurance Planning
- Implementation of Corporate Benefits - Estate Planning
- Income Tax Advice
- Medical Aid / Vitality
- Short Term Insurance

I gained my product specific knowledge in this field at Discovery Head office, Sandton where I was trained in their high-performance centre. I am a versatile, open minded Financial Planner tied to Discovery alone as I believe strongly in their products. Over the last three years, I have enjoyed a successful journey with Discovery and foresee Discovery achieving significant market share.

I like building relationships with my clients and find it important to create financial solutions based on current needs and wants, considering the current market space. attooh! Group of Companies enables me to provide the best service to my clients. Out of all premiums paid to Discovery by clients, 20% comes from attooh! giving them a highly favoured priority. This instils a high level of confidence in my work, knowing my clients are well looked after.

I understand the economic environment and I know it is important to stay focused, knowledgeable, and goal-orientated within every aspect of one's financial portfolio. My objective is to guide my clients to financial security, by protecting them, their dependents, businesses and employees from unexpected life events, adding value to their journey to financial freedom. This is a key value which drives me in the industry.

I continuously strive to improve my skills and knowledge in all aspects relating to the services and products that I advise, ensuring that I offer the very best financial solutions that are seamless and deliver on their promises. Through Continuous Development Courses (CPD) I am always up to date on current matters pertaining to the current economic environment, Discovery and Financial Service Provider (SFP) legislation. This allows me to ensure that my clients continually receive personalised solutions, and reap the rewards of being a Discovery client benefiting from Discovery's dynamic product range and innovative reward structure.
